City of American Fork Gets New Director of Public Works

The City of American Fork is pleased to announce the hiring of Dale E. Goodman as the new Director of Public Works.

Mr. Goodman, currently Director of Public Works for the City of St. Helens, OR, has more than 25 years as an operations management professional, including 10 years experience in the public works sector.

Goodman's strengths include leadership, project management and strategic planning. He has a Master of Business Administration in Technology Management from University of Phoenix and a Bachelor of Science in Sociology from State University of New York at Albany.

As Director in St. Helens, he oversees a 36-person team in all aspects of public work functions and a \$6.3 million operating budget and a \$7.3 million capital budget.

"I am excited to have Mr. Goodman join American Fork City, Mayor Hadfield said. "He has the experience, expertise and character that I know will help move our Public Works Department forward and help make our City even more efficient."

As Director of Public Works, Goodman will plan, direct and administer policies and activities related to development, streets, water systems, sewer system, drainage system, maintenance of city fleet, refuse collection and disposal.

Mr. Goodman will begin his duties on January 17.
